Tuff Stride

Line of Motion Defining Pace

Tuff Stride

By stopping outdoor soil and moisture from being tracked in through entryways, walk-off tile provides a safe, non-slip entrance and helps protect flooring from damage. But it can do even more. With Tuff Stride, walk-off tile can add a new design element to your spaces, too.

Tuff Stride merges stylish aesthetics with protective walk-off tile performance. Choose from four colorways and two versatile styles, Line of Motion and Defining Pace, to enhance the appearance and functionality of entrances. Our Duracolor® Tricor fiber, scraper fibers and EcoFlex™ ONE backing ensure longlived beauty and comfort underfoot.

For maximum performance, start entryways with Tuff Stuff II walk-off tile and then add a buffer of Tuff Stride to create an elegant transition to your facility's flooring. Whether used on its own or with Tuff Stuff II, Tuff Stride walk-off tile delivers floor-protecting performance with style.

Protecting Your Floors Through Soil and Moisture Removal

Entry Problem & Solution

Walked in soil and moisture are the main causes of premature wear and eventual replacement of floor covering. Effective placement of walk-off tiles according to the Carpet & Rug Institute (CRI). This means lowered maintenance costs and extended life for all floor coverings beyond the entry. CRI recommends five footfalls of walk-off tile in entrances to achieve the highest level of performance.

Versatile Design

Tuff Stride is designed specifically to protect facilities against excess dirt and moisture, all while providing a safe, non-slip surface in high moisture areas. The styles can be used individually or as an extension of our heavy-duty Tuff Stuff II walk-off tiles for maximum protection and a stylish transition to your flooring.

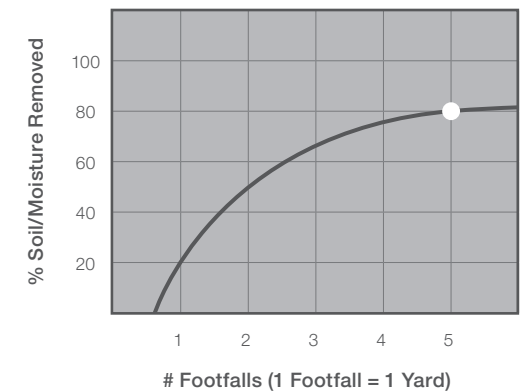

Tuff Stuff II and Tuff Stride, used together as an entryway system, make it easy to preserve the appearance of your facility by providing a continual shield against moisture and soil.

KEY FEATURES

- Tuff Stride's engineering provides a Class I fire rating—a key aspect when specifying carpet for retail and general public entryways.
- The use of heavy 'scraper' yarns provides for ideal soil removal and collection. Each square yard can hold up to 3.64 lbs of sand.
- Tuff Stride's unique construction removes and absorbs up to 5.4 lbs of moisture per square yard.
- Tuff Stride walk-off tiles can be easily cleaned by vacuuming or extracting. You can also remove individual tiles for cleaning or to replace damaged areas.

% Soil & Moisture Removed per Footfall

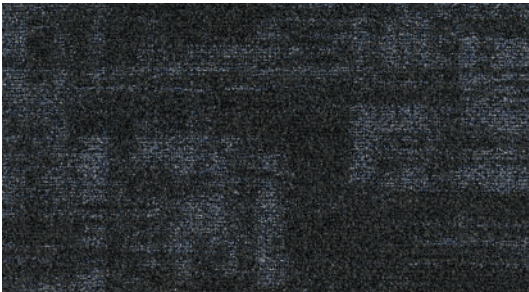

Colorways

Tuff Stride’s colorways feature soil-hiding hues of blue, taupe, brown and gray, designed to quietly complement a wide range of palettes. The Line of Motion style offers a structured, geometric design with black crosshatching, while Defining Pace provides a more organic feel, muting the field of color beneath broad brushstrokes of black.

Better for People and Planet

Our future depends on the work we do today. At Mohawk Group, commitment to our planet extends beyond just products and processes: it's how we challenge ourselves to do and be better every day, how we make decisions, how we reinvest in our people and our planet, and how we define what matters most as we work to deliver value for generations to come.

Human Health

Declare Red List Free
Health Product Declaration
Green Label Plus Certification

Mohawk Group is proud to provide products free of Red List chemicals with verified documentation of their impact throughout the lifecycle, with Green Label Plus certification for better indoor air quality.

Climate Health

UL Certified EPD
Living Product Challenge Petal Certified

Beyond Carbon Neutral
Carbon neutral PLUS an additional 5% carbon offset for a net-positive impact on the environment.

Net Zero Carbon Emissions by 2040
We've signed The Climate Pledge to be net zero by 2040 and have already started major changes to reduce our carbon footprint.

Circular Economy

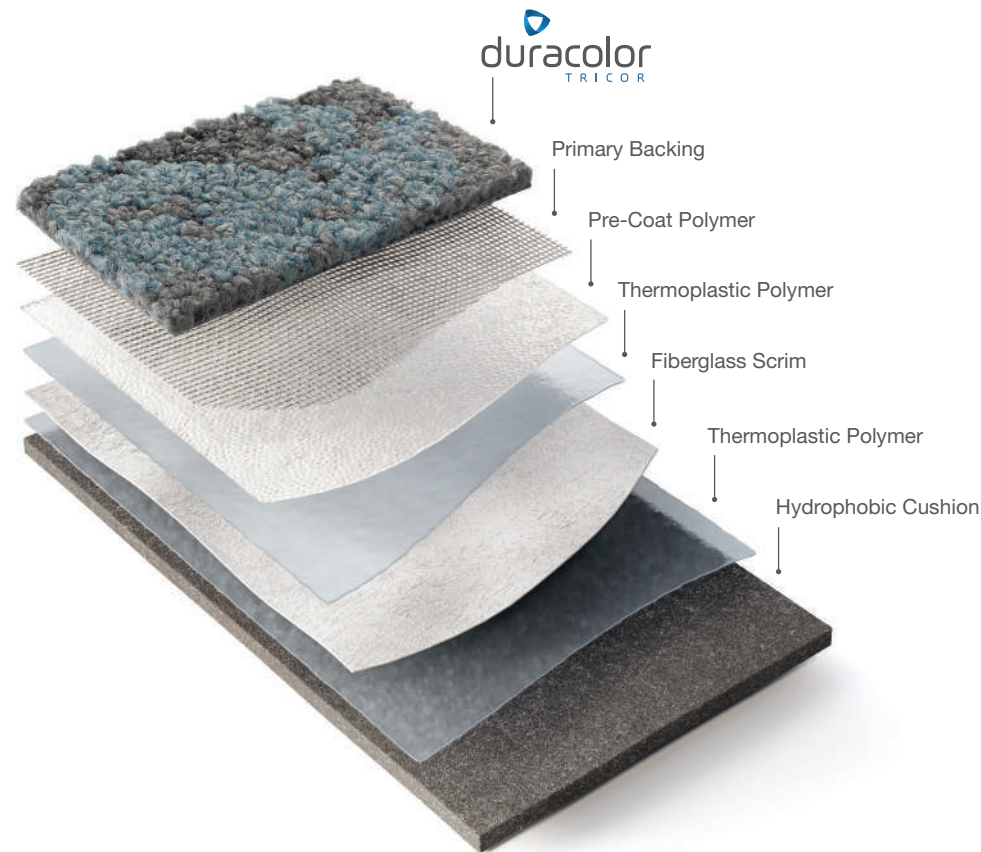

End of Life Options
Salvageable/Reusable in its Entirety
Take Back Program (ReCover)

Ecosystem Health

Neutral Is Not Enough
With the holistic improvement of the lifecycle of our flooring products – from full product transparency, to reduced water usage in manufacturing, to carbon neutrality and beyond – better is just the beginning.

Water Positive
Mohawk Group balances all water on its Living Product Challenge Petal Certified carpet tiles by 105% for a net-positive impact on our waterways.

EcoFlex™ ONE

ALL-IN-ONE FLOORING SOLUTION

Every element in the EcoFlex™ ONE construction has purpose, and combined they form the industry's leading modular carpet solution. The hydrophobic PET cushion, backing layers, and Duracolor Tricolor fiber are engineered with your end-goals in mind: to optimize your investment, be sustainably made, and provide a better occupant experience.

NEXT GENERATION CARPET FIBER

Duracolor® Tricolor's innovative modified-delta shape and optical core optimize color clarity, strength, stain resistance, and soil hiding and removal. As a result, Duracolor Tricolor delivers the ultimate synthesis of brilliant color and unsurpassed performance.

KEY FEATURES

- Better Acoustics
- Enhanced Comfort
- Worry-Free Installation
- Simplified Maintenance
- NSF 140 Platinum
- Carbon Neutral +5%
- Limited Lifetime Warranty

EcoFlex™ ONE is a unified solution to the wide range of needs in your spaces. This advanced backing system improves every aspect of comfort and acoustics while eliminating moisture testing—all with a lighter environmental footprint that is carbon neutral plus an additional 5% offset. Tested and proven, EcoFlex™ ONE is the holistic solution for human-centric environments.

Elemental Edges Wall Base

Elemental Edges is a portfolio of architectural and cove wall base for your finishing needs. Featuring a range of colors that coordinate with our full product line, the collection also offers 14 stocked colors in cove wall base.

Specifications

Line of Motion (GT369)
Defining Pace (GT370)

DESIGN

Size	24" x 24" (.6096m x .6096m)
Surface Appearance	Textured, Performance Loop Pile
Fiber Type	Duracolor® Tricolor Premium Nylon
Dye Method	Solution Dyed
Colors Available	4

PERFORMANCE

Construction	Tufted
Gauge	1/12" (47.00 rows per 10cm)
Tufted Weight	25 oz/yd²
Stain Release Technology	Permanent, Built into the Fiber
Soil Release Technology	EcoSentry Soil Protection
Backing Material	EcoFlex™ ONE
Flammability	ASTM E 648 - Class 1 (Glue Down)
Smoke Density	ASTM E 662 - Less than 450
Static Propensity	AATCC - 134 Under 3.5 KV

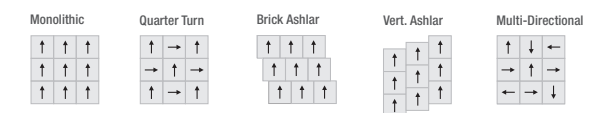

SUSTAINABILITY

Certification	Living Product Challenge Petal Certified; Declare Red List Free
Indoor Air Quality	Green Label Plus Certified #1171
NSF 140	Platinum

SERVICE

Warranties	Lifetime Limited Carpet Tile Warranty, Lifetime Limited Duracolor® Stain Warranty, Lifetime Static
